

GLOBAL
PLASTIC ACTION
PARTNERSHIP

The Viet Nam National Plastic Action Partnership aims to serve as a platform for all stakeholders working on plastic waste and pollution to coordinate action in support of the government strategy for sustainably developing Viet Nam's marine economy in the leadup to 2030.

The NPAP ecosystem

Leadership Board

A group of senior executives across the public, private and civil society sectors who guide the strategic direction of the NPAP.

Delegates

Nominated representatives of the Leadership Board who oversee and support the operational management of the NPAP.

NPAP chairperson

As Minister for Natural Resources and the Environment, NPAP Chair H.E. Tran Hong Ha represents the Viet Nam NPAP at high-level events and in media.

Experts Group

A cross-sector group of leading experts who provide strategic advice and impartial reviews on the country baseline analysis, solution scenario modelling, and national action roadmap.

Task Forces

Multistakeholder groups of technical specialists from government, academia, the private sector and civil society who provide technical input and guidance, as well as resources and expertise to support delivery across impact areas. NPAP Indonesia has launched five Task Forces:

- ▶ Policy
- ▶ Innovation
- ▶ Behaviour change
- ▶ Metrics
- ▶ Financing
- ▶ Inclusivity

NPAP secretariat

Hosted at WWF-Viet Nam in Hanoi, Viet Nam, the secretariat manages the day-to-day operations of the NPAP.

NPAP Chairperson

The Hon. Tran Hong Ha

Minister

Ministry of Natural Resources and Environment

Bachelor's and PhD in Mineral Technology and Management, Moscow, Russia; Vietnam Executive Leadership Programme, Harvard Kennedy School, US; Public Administration Programme, Tokyo. With Ministry of Natural Resources and Environment, Vietnam: 2002-03, Deputy Director-General, Vietnam Environment Protection Agency; 2004-08, Director-General, Vietnam Environment Protection Agency; 2008, Acting Director-General, Vietnam Environment Administration. 2008, Vice-Minister; 2009-10, Vice-Secretary, Party Committee, Ba Ria, Vung Tau province. Since July 2010, Minister of Natural Resources and Environment of Viet Nam.

We are looking forward to the contribution from the NPAP to support strategies, plan and schemes for plastic waste management in Viet Nam, facilitate meaningful initiatives in addressing plastic pollution and promote circular economic development in Viet Nam and in the ASEAN.

The NPAP will put plans into action through six focus areas.

1. Inform policy

Identify policies and regulatory frameworks that enable a supportive environment for addressing plastic waste and pollution

2. Unlock financing

Translate and support efforts needed to remove policy barriers and de-risk investments in the circular economy for plastics

3. Transform behaviour

Amplify initiatives that help consumers and businesses form a more sustainable relationship with plastics

4. Boost innovation

Bring visibility to potentially game-changing innovations throughout the plastics value chain and enable the transition to a circular economy

5. Harmonize metrics

Deploy a baseline assessment tool to generate robust data analysis on plastic waste flows

6. Promote inclusivity

cross-cutting component to all GPAP work, embracing diversity as key to success

Apply inclusivity as a

VIET NAM
NATIONAL PLASTIC
ACTION PARTNERSHIP

The role of an NPAP

Convener

GPAP

Structure partnerships for plastic action collaboration on a global scale

Enable all sectors to come together at a global level to share information and knowledge

Provide a platform for discussion and collaboration to support governments facing plastic pollution challenges

Catalyse scalable solutions by turning commitments into tangible and investible action plans

Facilitate NPAP creation and support national stakeholders

Enabler

NPAP

Provide a platform that convenes national leaders to drive the transition to a circular plastics economy

Drive the delivery of baseline assessments, plastic waste flow analyses, and action roadmaps

Inform policy-makers of what's needed to create an enabling environment that unlocks financing to achieve action roadmap targets

Promote the scaling of locally driven, high-potential solutions

Implementor

NPAP Members

Enrich NPAP platform activities by sharing information and identifying areas for collaboration

Contribute to NPAP deliverables, including the baseline assessments and action roadmaps

Participate in Task Forces to drive action in impact areas such as policy, innovation and financing

Champion the NPAP and plastic pollution action within their organizations and on the national stage, galvanizing public support for action and change
